

Stoner**Stoner® B251**
Citrus Pattern Wash™

Leading Investment Casters Prefer Stoner® B251 Citrus Pattern Wash.

Customers worldwide use this heavy duty, fast acting formula to remove oils, greases and mold release film from molded wax patterns. Customers appreciate the ability and flexibility to use straight or diluted as much as 1:1 with excellent results.

Item # B251

Molders prefer B251 Citrus Pattern Wash because:

- Cleans and etches wax patterns in one step.
- Powerful citrus formula cleans fast and saves time.
- Water-based formula can be diluted for improved economy.
- Contains no chlorinated solvents.
- No need for deionized water.
