93238 CUT™

Non-Chlorinated Mold Cleaner

Product Description

93238 CUT™ Mold Cleaner is a powerful, non-chlorinated, non-citrus, fast-acting mold cleaner with an acid neutralizer, specially formulated for metal molds. **CUT™** was developed as an alternative to chlorinated solvents for precision cleaning of molds. **CUT™** dissolves and removes release agents, grease, oil, carbon deposits, dirt, wax, and silicones from molds. **CUT™** quickly evaporates leaving no residue.

CUT™ Mold Cleaner ADVANTAGES:

- Built-in acid neutralizer removes fingerprint marks.
- Removes grease, oil, release agents, adhesives, wax, and contaminants from molds.
- Dissolves and flushes away Stoner release agents from molds.
- Cleans and prepares molds before application of Stoner rust preventives.
- Quick evaporation leaves no residue on molds.
- Safe on metals and solvent-resistant materials.
- Alternative to chlorinated solvents for heavy-duty mold cleaning.
- Contains no chlorinated solvents such as trichloroethylene or methylene chloride.

Uses

93238 CUT Mold Cleaner is used in the molding and manufacturing industry for cleaning molds, tools, machinery, metals, and equipment.

For use in manufacturing process only. Not for use as a general cleaner. For a non-flammable cleaner, try Stoner's **L497 Non-Flammable Mold Cleaner**.

Directions for Use

Recommended Procedure

Apply as needed to loosen and flush away contaminants. Difficult areas may require second application or scrubbing with brush or rag. Allow excess to air dry or dry with rag. **93237** is a strong cleaner which may be harmful to certain plastics, paints, or other sensitive materials. Always test in a small area before using. All cleaners and cleaning residues should be disposed of in accordance with federal, state, and local regulations. Emptied container retains vapor and product residue. Do not reuse this container. Not a general purpose cleaner. For use in the manufacturing process only.

Storage and Handling

Do not use near ignition sources. Do not expose container to heat, flame, sparks, static electricity, or other sources of ignition; they may explode and cause injury or death. Use with adequate ventilation. Avoid prolonged or repeated breathing of vapor and contact with skin. Do not store containers in excessive heat or direct sunlight. Store in a cool, dry, well ventilated area away from all sources of ignition. Do not store at temperatures above 122° F. Store at temperatures between 45° and 99° F. Normal precautions common to safe manufacturing practice should be followed in handling and storage.

Packaging

93234 CUT Mold Cleaner is available in:

- | | |
|-----------------------------|--------------|
| • 55-gallon drum | Part # 93238 |
| • 5-gallon pails | Part # 93237 |
| • 12 can case of 12 oz cans | Part # 93234 |
