A500 Citrus Mold Cleaner

Product Description

A500 Citrus Mold Cleaner is a heavy-duty mold cleaner used to remove greases, oils, waxes, Stoner release agents, and other contaminants from metals, molds, and tooling. It is a powerful mold cleaner made from a highly refined extract of citrus fruits which are healthy and environmentally friendly.

A500 Citrus Cleaner for Mold ADVANTAGES:

- Powerful formula cleans metal molds and tooling.
- Strong alternative to hazardous cleaners.
- Removes grease, tar, oil, dirt, adhesives, ink, and release agents from metal molds.
- Extension tube for precise spray stream.
- Cleans molds –in or out of the press– by removing resins, carbon deposits, and other contaminants left in the cavities.
- Dissolves and flushes away Stoner release agents from metal molds before application of Stoner rust preventives.
- Contains no hazardous chlorinated solvents.
- Safe for most metal & solvent-resistant materials.
- Naturally based mold cleaner made from a highly refined extract of citrus fruits.
- Pleasant citrus scent.

Uses

A500 Citrus Cleaner for Mold is an all natural, heavy-duty, precision cleaner used as a degreaser in the plastics and rubber molding industries.

Many applications in the automotive, aerospace and general fabrication industries. Not for use as a general purpose cleaner or degreaser. For use in the manufacturing process only.

Directions for Use

Recommended Procedure

Shake well before using. Spray the mold to loosen and remove dirt. Allow the mold to air dry or wipe it dry with a rag. Heavily soiled areas may require a longer dwell time and scrubbing with a brush or rag. Difficult residue may require a second application. Do not use on solvent-sensitive materials. Always test before using. Hold can upright when spraying, to avoid depleting propellant. When can is near empty, point spray head toward black dot on the top rim.

Storage and Handling

Do not use near ignition sources. Do not expose container to heat, flame, sparks, static electricity, or other sources of ignition; they may explode and cause injury or death. Use with adequate ventilation. Avoid prolonged or repeated breathing of vapor or contact with skin. Do not store containers in excessive heat or direct sunlight. Store in a cool, dry, well ventilated area away from all sources of ignition. Do not store at temperatures above 122° F. Store at temperatures between 45° and 99° F. Normal precautions common to safe manufacturing practice should be followed in handling and storage.

Packaging

A500 Citrus Cleaner for Mold is available in:

- 12-12 oz can per case Part # A500CSSTON02

Available in bulk

- 5-gallon pail Part # B500PL
- 55-gallon drum Part # B500DR
