# A635

## Food Grade Silicone Lubricant

### Product Description

**A635 Food Grade Silicone Lubricant** is a versatile lubricant which helps reduce friction and prevent sticking for faster, quieter, and more efficient machine operation. Useful in many industries including packaging, food processing, textiles, paper processing, furniture making, molding, printing, construction, and general manufacturing. For use in the manufacturing process only.

### A635 Food Grade Silicone Lubricant ADVANTAGES

- Meets FDA regulation 178.3570 as a (dimethyl poly siloxane) lubricant with incidental food contact.
- Colorless, tasteless, nonstaining.
- Can be used on most materials including plastic, rubber, metals, paper, canvas, vinyl, glass, foam, wood, leather, and fabrics

### Uses

**A635 Food Grade Silicone Lubricant** is used on Belts, cables, chutes, slides, conveyors, cutters, forms, guides, heat sealers, mix tanks, molds, punches, or saws.

### Directions for Use

Read label before using. No shaking necessary. Hold can 10 to 12 inches from surface to be sprayed. Apply a thin coating for best results.

### Storage and Handling

Use only in well ventilated area. Do not puncture or incinerate container. Contains gas under pressure. Do not expose container to heat or store at temperatures above 120 °F. Keep container away from and do not use near sparks, open flame, heated surfaces, or other ignition sources.

### Packaging

**A635 Food Grade Silicone Lubricant** is available in:

- 12-can case of 9 oz cans                      Part # A635
