B500 Citrus Mold Cleaner

Product Description

B500 Citrus Mold Cleaner is a heavy-duty mold cleaner used to remove greases, oils, waxes, Stoner release agents, and other contaminants from metals, molds, and tooling. It is a powerful mold cleaner made from a highly refined extract of citrus fruits which are healthy and environmentally friendly.

B500 Citrus Cleaner for Mold ADVANTAGES:

- Powerful formula cleans metal molds and tooling.
- Strong alternative to hazardous cleaners.
- Removes grease, tar, oil, dirt, adhesives, ink, and release agents from metal molds.
- Cleans molds –in or out of the press– by removing resins, carbon deposits, and other contaminants left in the cavities.
- Dissolves and flushes away Stoner release agents from metal molds before application of Stoner rust preventives.
- Contains no hazardous chlorinated solvents.
- Safe for most metal & solvent-resistant materials.
- Naturally based mold cleaner made from a highly refined extract of citrus fruits.
- Pleasant citrus scent.

Uses

B500 Citrus Cleaner for Mold is an all natural, heavy-duty, precision cleaner used as a degreaser in the plastics and rubber molding industries.

Many applications in the automotive, aerospace and general fabrication industries. Not for use as a general purpose cleaner or degreaser. For use in the manufacturing process only.

Directions for Use

Recommended Procedure

Apply as needed to loosen and remove contaminants from molds. Difficult areas may require second application or scrubbing with brush or rag. Allow excess to air dry or dry with rag.

B500 is a strong cleaner which may be harmful to certain plastics, paints, and solvent-sensitive materials. Test before using. For use in the manufacturing process only. Not for use as a general purpose cleaner or degreaser.

Storage and Handling

Do not use near ignition sources. Do not expose container to heat, flame, sparks, static electricity, or other sources of ignition; they may explode and cause injury or death. Use with adequate ventilation. Avoid prolonged or repeated breathing of vapor or contact with skin. Do not store containers in excessive heat or direct sunlight. Store in a cool, dry, well ventilated area away from all sources of ignition. Do not store at temperatures above 122° F. Store at temperatures between 45° and 99° F. Normal precautions common to safe manufacturing practice should be followed in handling and storage.

Packaging

B500 Citrus Cleaner for Mold is available in:

- 5-gallon pail Part # B500PL
- 55-gallon drum Part # B500DR

Available in aerosol

- 12-12 oz can per case Part # A500CSSTON02
