B555

Low Odor Mold Cleaner

Product Description

B555 Low Odor Mold Cleaner is a low odor mold cleaner that contains citrus for cleaning molds, tools, machinery, and equipment. It removes grease, oil, tar, dirt, adhesive, ink, and grime from metal molds and tooling.

B555 Low Odor Mold Cleaner ADVANTAGES:

- Powerful low odor mold cleaner.
- Removes grease, oil, wax, ink, tar, release agents, and other contaminants from molds.
- Cleans molds in or out of the press by removing resins, carbon deposits, and other contaminants left in the cavities.
- Dissolves and flushes away Stoner release agents from metal molds before application of Stoner rust preventives.
- Powerful formula cleans molds fast and leaves low residue.
- Contains no methylene chloride.

Uses

B555 Low Odor Mold Cleaner is used in the molding industry for cleaning molds, tools, machinery, and other equipment. It removes grease, oil, tar, dirt, adhesives, ink, and grime from metals and other materials. For use in the manufacturing process only.

Directions for Use

Recommended Procedure

Apply as needed to loosen and remove contaminants from molds. Difficult areas may require second application or scrubbing with brush or rag. Allow excess to air dry or dry with rag. Heavily soiled areas may require a longer dwell time and scrubbing with a brush or rag. Difficult residue may require a second application. Do not use on solvent-sensitive materials. Always test before using. Hold can upright when spraying, to avoid depleting propellant. When can is near empty, point spray head toward black dot on the top rim.

Storage and Handling

Do not use near ignition sources, heat, flame, sparks, static electricity, or other sources of ignition; they may explode and cause injury or death. Use with adequate ventilation. Avoid prolonged or repeated breathing of vapor or contact with skin. Do not store container in excessive heat or direct sunlight. Store in a cool, dry, well ventilated area away from all sources of ignition. Do not store at temperatures above 122° F. Normal precautions common to safe manufacturing practice should be followed in handling and storage. Store away from incompatible materials such as materials that support combustion (oxidizing materials) and corrosive materials (strong acids or bases).

Packaging

B555 Low Odor Mold Cleaner is available in:

- 5-gallon pails Part # B555PL
- 55-gallon drum Part # B555DR

Available in aerosol

- 12 can case of 12 oz cans Part # A555
