Stoner® E204

Light Duty Silicone Mold Release

Product Description

Stoner® E204 Light Duty Silicone Mold Release is a specially formulated light silicone release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Provides fast, easy part removal from molds which prevents build-up. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, investment casting and extrusion molding.

E204 Light Duty Silicone Mold Release ADVANTAGES:

- Saves time - reduces over application and prevents mold build-up.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E204 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.

Uses

Stoner® E204 Light Duty Silicone Mold Release is a food grade release agent and anti-stick lubricant for molded materials:

- Plastics
- Rubber
- Waxes

Directions for Use

Recommended Procedure

Shake well. Hold can 10 to 12 inches from mold surface. Apply a thin mist coating on mold surface for best results.

Storage and Handling

Do not puncture or incinerate container. Do not expose container to heat or store at temperatures above 120 °F. Keep container away from and do not use near sparks, open flame, heated surfaces, or other ignition sources.

Packaging

Stoner® E204 Light Duty Silicone Mold Release is available in:

- 12-can case of 12 oz cans Part # E204CSSTON02
- 31-pound Giant Aerosol Part # E604CYSTON03
