You Mold It. We Release It.

Stoner® M342 Zero Stick Mold Release

Product Description

Stoner® M342 Zero Stick Mold Release™ is a unique, extremely versatile release agent which is generally acceptable for applications where a food grade release is required. Zero Stick allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled, or otherwise decorated in most applications.

Zero Stick provides a long lasting anti-stick film for fast, easy part removal from molds and multiple part releases per application. Zero Stick improves molding efficiency in many processes including injection, vacuum form, and pour cast molding. Zero Stick is UL recognized.

The release agent in Zero Stick meets FDA regulation 21 CFR 184.1400, which details provisions for substances added directly to human food affirmed to be “generally recognized as safe” (GRAS). Economical - a light coating produces best results.

M342 Zero Stick Mold Release™ ADVANTAGES:

- Saves time - lets parts release quickly and easily from molds.
- Allows molded parts to be painted, hotstamped, or otherwise decorated.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Colorless and non-staining.
- UL Recognized.

Uses

Stoner® M342 Zero Stick Mold Release™ is an extremely versatile release agent for molding:

- Food grade
- Paintable
- Plastics

Directions for Use

Recommended Procedure

Mix Well Before Using. This material is premixed and requires no dilution. Best application is achieved by applying a thin coating using a spray system to apply a thin mist coating on mold surface.

Storage and Handling

All 5 gallon and larger containers should be grounded and/or bonded when material is transferred. Do not use near ignition sources. Avoid prolonged or repeated contact with skin or repeated breathing of vapor. Use with adequate ventilation. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, static electricity, or other sources of ignition; they may explode and cause injury or death. Storage: Keep container tightly closed when not in use. Store in a cool, dry, well ventilated area away from all sources of ignition.

Packaging

Stoner® E342 Zero Stick Mold Release™ is available in:

- | | |
|-----------------------------|---------------|
| • 5-gallon pails | Part # M342PL |
| • 55-gallon drum | Part # M342DR |
| • 12 can case of 12 oz cans | Part # E342 |
| • 37 pound Giant Aerosol | Part # E742 |
